MEMORANDUM FOR: Chairman, Technical Countermeasures Committee (TCC)

FROM: William F. Donnelly
Deputy Director for Administration

SUBJECT: - TCC Review and Responses - Action Memorandum,
TCC-007-87, dated 4 August 1987

1. On two occasions in the past, we have stated our concern over the wording of the Telecommunications and Automated Information System topic. That concern stems from our opposition to any concept that involves shared funding or decentralized budgeting for national programs. This was spelled out in memorandums to you dated 9 and 24 March 1987 from our member on the TCC.

2. In an effort to be more helpful, I am attaching a proposed rewrite of the response for this topic. It allows the national manager to get the job done while retaining budgetary flexibility for the various agencies involved.
